Sweet-P

Shonen-Doll

True to her fairytale, "dreamy-cute" theme, Sweet-P is both the premier fashion icon of Mobius and an Ostinato Musician. She's easily recognizable by her long eyelashes and big, beautiful eyes. Just like her fancy, pastel style, Sweet-P's songs exude a delicate, feminine quality, which causes girls to go insane over her music.

A young man who dwells in Mobius' enormous library, choosing to completely isolate himself from the outside world. He's always seen wearing a low-hanging hood that obscures his face and hides his expressions. Sneering at the masses, he writes gloomy, violent songs that attack sociable people, who he perceives as weak for needing to be around others to accomplish anything worthwhile. He incorporates a lot of complex themes in his works and has a strong group of fanatical devotees who not only embrace solitude and individuality, but also see his music as salvation.
